

Fendt 936 Vario – the most fuel-efficient among the most powerful

The fuel efficiency world champion*

**936 Vario:
world's best in fuel efficiency
261 g/kWh Powermix***

Now even more effective in all operations. With a specific fuel consumption of 261 g/kWh at maximum power, the 900 Varios hold the world record for fuel efficiency. In addition to their tremendous engine power, they also offer efficient and superior tractive power. A smart ballast weight system and large tyre sizes propel you forward during heavy traction work. Profit from the powerful traction of the new 900 Varios and work deeper, wider and faster.

Make an appointment with your Fendt dealer for an on-site comparison.

* In the neutral DLG PowerMix test in the over-220 hp class, profi 07/2008

Fendt 922	220 hp	162 kW
Fendt 924	240 hp	176 kW
Fendt 927	270 hp	199 kW
Fendt 930	300 hp	220 kW
Fendt 933	330 hp	242 kW
Fendt 936	360 hp	265 kW

Maximum power acc. to ECE R24
